

GOHSEP Tropical Weather SITREP

August 25, 2017

As of 10:00 a.m.

** **

State EOC Activation Level: Level III

State Declaration Proclamation Number 104 JBE 2017 State of Emergency – Tropical Storm Harvey

** **

Tropical Weather Outlook: **The National Hurricane Center** is monitoring Hurricane Harvey and one (1) other disturbance in the Atlantic and Gulf of Mexico regions. Please monitor your local National Weather Service for the latest updates.

** **

Disturbance 1 – A trough of low pressure extending from the eastern Gulf of Mexico over central Florida continues to produce a large area of disorganized cloudiness and thunderstorms. Although strong upper-level winds could limit tropical cyclone formation, some sub-tropical development is possible over the weekend or early next week while the system moves northeastward over the western Atlantic before it merges
