

**Correction to Situational Awareness Report 12 January 2016 As of 4:00 p.m.**

**Correction:** Department of Wildlife and Fisheries' previous statement "As of today, Jan. 12. LDWF has set up its forward command center in Krotz Springs to assist with 24 hour patrols to provide public safety, SAR, enforce road/levee closures, and hunting closures as needed in the Morganza floodway area. These patrols will continue until further notice" should be removed due to the Corps of Engineers decision not to open the Morganza Spillway.

Department of Wildlife and Fisheries will not set up forward command post.

Department of Wildlife and Fisheries will not set up forward command post.
