

GOHSEP Situational Awareness Report

3 June 2016

As of 8:00 am

**State EOC Activation Level:
CAT (Crisis Action Team)**

Situation:
The National Hurricane Center is currently monitoring a tropical disturbance in the Gulf of Mexico region. The National Weather Service is also monitoring a deep upper low that will impact the Southern Plains and Lower Mississippi River Valley over the weekend. Showers and thunderstorms are expected to impact the region through Sunday or possible Monday. Stay tuned to your local National Weather Service for the latest information.

Tropical Weather Outlook:
An area of showers and thunderstorms has developed over the western Caribbean Sea. This system is moving west-northwestward toward the Yucatan
