GOHSEP SPECIAL SITREP as of 1600 Hours 5 September 011

As of 1600 Hours 5 September 011

ACTIVATON LEVEL: LEVEL 3 Crisis Action Team

TROPICAL STORM LEE

SITUATION:
The NWS/NHC issued its final tropical report on LEE at 4 AM 5 September 2011. LEE continues to move northeast as it continues to move out of the State. The heavy rains and winds that LEE brought since 2 September 2011 caused damages to various regions of the State as shown below.

Governor Jindal issued Executive Proclamation 92 BJ 2011, State of Emergency – Tropical Disturbance Invest (AL-13) for this event.

A copy of the proclamation can be located at the following link.

The Unified Command Group met on 1 and 2 September 2011 and will meet.
