**<div>The three schools that were not severely damaged have been able to reopen.
**

**They are doubling up on students and two other temporary schools have been
 established in unoccupied buildings. School supplies have b been generously
 donated by other school districts across the nation. School enrollment is down
 due to many families leaving the area following the storm.</div>

**<div>The majority of major roadways have been cleared and opened. A main bridge
**

**is still out and traffic is being routed to the smaller bridge. It is expected
 to take months to make repairs to the main bridge. Smaller residential and
 commercial neighborhoods still need debris clearance. (Inject #91)

**

**The
 majority of power has been restored. About 250 residents in isolated areas still
 remain without power. (inject #84)
