

### **Resource Request 26-002 (Winter Weather)**

Partners,

The City of Shreveport has an immediate need for 40,000 pounds of bulk road salt to support winter weather response and maintain safe travel on priority city streets, bridges, and critical routes. The City has the personnel, equipment, and storage capacity to receive and distribute the material upon delivery, but current on hand supply is insufficient.

If your organization can assist with sourcing, supplying, or coordinating delivery of bulk road salt, please contact the point of contact below:

Jarvis Morgan  
Director, Public Works Department  
City of Shreveport  
318-505-7359  
[Jarvis.Morgan@shreveportla.gov](mailto:Jarvis.Morgan@shreveportla.gov)

Thank you,

LABEOC Response Team
